PELOTON

Peloton Commercial Tread

The workouts they love, the performance you expect

The Commercial Tread extends the Peloton experience beyond the home into high performance commercial gyms— combining the running, hiking, and walking workouts exercisers want with a treadmill built for extensive daily use. Turn your cardio floor into a destination for exercisers to run with their favorite instructors and become part of a community that motivates them to keep showing up.

The features

Built for better steps
Energize their runs with a cushioned platform that flexes on impact and is firmer at push off for a feel-good stride.

Technology designed for running
Auto-incline adjustments, real-time feedback and Leaderboard immersion transform repetitive treadmill workouts into extraordinary ones.

Access for everyone
Three ways to experience Peloton make it easy for anyone to get moving faster. Exercisers can log in with an existing Peloton membership, create a free commercial account for all-access content while training at the gym, or use Guest Mode for a login-free way to get moving faster.*

New, exciting content every day
Exercisers have access to thousands of live and on-demand walking, hiking, running, and scenic classes, turning every treadmill session into immersive experiences.*

Adjustable screen
A 23.8" HD touchscreen tilts to a preferred viewing angle, making it easy to find the right position for a comfortable, focused workout.

A reliable pick for high-use facilities
Built on a commercial platform and tested for 8+ hours of daily use.

PELOTON

Peloton Commercial Tread

Facility benefits

A brand that makes them move

Turn your cardio floor into a destination through innovation that inspires movement, creates community, and transforms workouts into experiences exercisers look forward to.

A treadmill that draws exercisers in

Bring the recognizable Peloton experience to your cardio floor with intuitive and thoughtfully designed equipment.

Designed for the long run

Engineered in partnership with trusted commercial fitness equipment providers to withstand the demands of high performance commercial gyms.

Support that keeps your exercisers moving

Stay ahead of maintenance with connected fleet insights and expert support.

Exerciser experience

A workout experience that turns cardio into a daily habit

A brand exercisers recognize is brought to life through instructors they form connections with, workouts that meet every style, and a community of millions of Peloton members that makes every session feel like something worth coming back to.

Make every workout more than a workout

Choose from instructor-led classes, explore Scenic Content, take on Lanebreak, or stream entertainment—giving your exercisers more ways to move, new challenges to take on, and workouts they become obsessed with.*

Designed around the way they run

Personalized adjustments and premium touchpoints help every exerciser find a fit and feel that works for them.

Confidence from the first workout

Simple onboarding and Peloton 101 education videos help exercisers get started on their own, while a continually updated schedule of live and on-demand classes allows them to build Peloton into their gym routine.

* Guest Mode includes a limited selection of content; signing in or creating an account unlocks the full Peloton Commercial experience.

Commercial Software

Bring the Peloton community to your facility

Existing Peloton members can pick up where they left off, bringing their favorite instructors, classes, and personalized Peloton experience wherever they train.

Give every exerciser a way into Peloton

Guest mode makes it easy to start moving, while a free commercial account gives exercisers more ways to engage with the full content experience.

An experience to keep exercisers engaged

Fresh content brings exercisers together around a connected experience designed to drive engagement and lasting loyalty.
